C#; Python; HTML; CSS;
Javascript; ReactJS; Boot-
strap; Photoshop;

LEARNING

HTML; CSS; Javascript; Re-
actJS; Bootstrap;

LANGUAGES

Turkish: **Native**

English: **Advanced**

ABOUT ME

At first, I wanted to learn software for developing video games because I like to play video games, but later since I liked trying to create and replicate nice visuals in Photoshop I decided to take this passion of mine to coding and started learning Front-End skills. My main goal is to be a good front-end engineer with good UI/UX knowledge.

EXPERIENCE

IT Intern | **MediaMarkt Turkey**

06 2019 – 07 2019

Istanbul, Turkey

I had the opportunity learn about ASP.NET due to my C# knowledge, CSS and Bootstrap there. It was my first office experience also.

EDUCATION

Bahcesehir University | **Software Engineering**

2016 - 2022

Istanbul, Turkey

Oxford International | **Language School**

07 2017 – 09 2017

Brighton, UK
